

Mr.CEO's Beloved Wife Novel Chapter 26 To 30

C26

Mu Qinghuan was a little nervous. Who wanted to live together with him!

How can this man be so overbearing!

"No way!"

The little star raised her head as the bright smile on her face froze. Her clear and bright eyes stared blankly at Mu Qinghuan. "Brother Mu ..."

When Mu Qinghuan saw the expression in Little Xing's eyes, her heart ached.

Even if he was a million times unwilling in his heart, he could only bite the bullet and agree first in front of his son. "Mommy didn't mean that. Our family of three naturally have to be together ..."

"Does that mean you really won't split up?" Xiao Xing was still worried, "You have to prove it to me! Karen says his dad's mommy often quarreled and separated, but soon she would be back together, hugging and kissing. "

Little Xing actually didn't understand why they would kiss once they were reconciled.

However, he remembered the words of his foreign friends: Daddy's mommy will hug you and kiss you.

Now that Daddy's Mommy was hugging him, he hadn't kissed her yet!

That meant they hadn't really made up, so how could they?

"Daddy and Mommy really made up ..." Mu Qinghuan almost fainted when she heard her own son's words.

Kiss!

Absolutely impossible!

Mu Qinghuan was afraid that her son would continue to quarrel and not let go of her kiss. She raised her hand and hurriedly pushed him away, breaking away from the embrace of a man.

However, just as she broke free, the man's hands suddenly wrapped around her slender and soft waist.

Mu Qinghuan looked at Ji Qingyuan in shock. She didn't even think about resisting before she was once again wrapped into the man's embrace, followed by the back of her head being held by the man's other hand.

In the next second, a cool and refreshing feeling covered her lips!

Ji Yuan actually kissed him!

Mu Qinghuan widened her eyes as she was filled with astonishment. Even her breathing seemed to have stopped at this moment.

The man's handsome and cold face was very close to hers. His long and thick eyelashes were curled up, and his pitch-black pupils were as deep as ink, clearly reflecting her shocked face.

The breath of a man was filled with the scent of hormones, the kiss of a man, and the arrogance of a man. It was just like how he gave people a feeling.

Not giving her the slightest chance to retreat, he raided the city and declared his sovereignty in a domineering manner.

Mu Qinghuan seemed to have been petrified. It was only when she heard her son's cheers that she suddenly woke up, "That's great! Daddy's mommy really made up, from now on I have a daddy too! "

"You ..." Mu Qinghuan ruthlessly pushed him away. Her face was so red that it seemed as though blood was about to drip out of it. She wanted to blurt out a curse, but seeing her son's eager gaze, Mu Qinghuan restrained herself.

Her flushed face suddenly turned even redder, just missing the smoke coming from the top of her head.

Ji Yuan allowed Mu Qinghuan to push him away. His gaze landed on Mu Qinghuan's cherry lips, which were still suffused with a glossy luster.

Originally, it was just to calm his son's heart, but he didn't expect that this woman would give off a faint feeling of addiction. Somehow, Ji Yuyuan thought of the feeling of her falling into his arms when she was sleeping with this woman last night.

The light in the man's eyes dimmed and his adam's apple rolled a little. He immediately got rid of the thoughts in his head.

He wasn't someone without self-control. On the contrary, he had been controlling himself for so many years. How could he lose his self-control over this woman?

"You're at ease?" Withdrawing his gaze, Ji Yu Yuan lowered his eyes and looked at the small star.

The little star covered her mouth as she secretly smiled. As she saw Mu Qinghuan's cold and disdainful gaze towards her, she stopped smiling and reverently said, "Rest assured."

Mu Qinghuan glanced at Ji Yuan and felt as though the fire in her chest was about to set her heart on fire. She coldly said, "It's getting late, you should get busy first."

The little Star King frowned, and subconsciously, he extended his hand to grab Ji Yu Yuan's sleeve.

"I'm not busy." Bending his body to pick up the small star, Ji Yu Yuan indifferently spat out two words.

Mu Qinghuan stared at the man as though her eyes were spitting fire.

"If you want to be busy, then do it." Without waiting for her to speak, Ji Yuan very easily added.

Mu Qinghuan: "..."

A mouthful of old blood stuck in his throat.

This man really did have ill intentions. He always wanted to separate from her so that he could monopolize her son!

"I'm not busy either! I've already gotten off work! "

"Then let's go to the amusement park together!" Little Xing wrapped his arms around Ji Yu Yuan's neck, his eyes twinkling as he suggested.

When he went to the amusement park with Mu Ge, the other children were brought here by his mother.

He had long been envious, and now he could also take his parents and mother to the amusement park with him!

Mu Qinghuan opened her mouth in an attempt to find an excuse to reject the proposal.

However, Ji Yuan was one step faster than her, "Alright."

Mu Qinghuan: "..."

Mu Qinghuan took a deep breath as she tried her best to calm her surging emotions. Otherwise, she felt as though she was going to explode.

She was a good mother. She had to show restraint in front of her child. She couldn't scare him ...

Mu Qinghuan was constantly brainwashing herself.

Helplessly, he followed his excited son into the Ji Yuan's Maybach.

After getting on the car, Mu Qinghuan directly sat at the seat closest to the door. She extended her hand and was about to carry her son onto her lap to sit.

"Brother Mu ..." "I, I want to sit in the middle. I don't need to sit on Brother Mu's legs anymore when I grow up!" Little Xing said, his baby fat white face

slightly red.

When they found their father's place, little Xing couldn't help but want to get closer to Ji Chenyuan.

However, he still worried about Mu Qinghuan and was afraid that she wouldn't be happy. Thus, he resisted the urge to sit on Ji Huayuan's lap and asked to sit between the two of them.

Mu Qinghuan's body stiffened. She still felt a little sore in her heart, but the way she looked at Ji Xiaoyuan became even more hostile.

It's all his fault!

He had just appeared in front of his son, and he had already snatched away a portion of his son's attention!

Mu Qing felt displeasure in her heart.

However, Little Xing had always been very excited. He held onto Mu Qinghuan and Ji Yuan on each side.

Even though Mu Qinghuan was unhappy, she didn't dare to show it in her heart and made her son sad.

Fortunately, Xiao Xing was immersed in the joy of having a father. He was entangled with Ji Qinghuan as he asked this question. Thus, he didn't notice the stiff expression on Mu Qinghuan's face.

Soon, they arrived at the amusement park. Ji Yuan told the driver to go first, and then he would pick them up and the three of them would walk towards the amusement park together.

The two of them stood by the little star's side, one on each side, holding his hand. They really did look like a family of three.

Mu Qinghuan felt a little uneasy. Even though she was following the man and taking her son out to play, she still hadn't recovered her wits. In fact, the man beside her had a cold and relaxed appearance.

Mu Qinghuan gritted her teeth as she focused all of her energy on her son, trying her best to act like the man beside her was nothing.

But the little star obviously didn't think that way. Normally, the little adult's face was calm, but no matter how much he laughed today, he wouldn't be able to do it. No matter what kind of equipment he sat on, Ji Feng would always let Ji Feng stay by his side.

Mu Qinghuan looked at her son, who had never laughed so heartily before. No matter how uncomfortable she felt, she could only endure it in her heart.

"Daddy, Mommy, let's take a picture together!" There were quite a few places in the amusement park where photos were taken along with the cute cartoon dolls. The photos were of the entire family and would be washed on the spot.

When the little star saw them, it grabbed both of their hands and tried to move up.

Mu Qinghuan resisted and stopped her steps. "There's no need. Mummy doesn't like to take pictures."

It wasn't that she didn't like it, she just didn't want to take pictures with this man!

"Mommy, we haven't filmed the whole family yet." The little star looked dejectedly at Mu Qinghuan, before pointing at the family of three who were taking photos not far away with a face full of envy. "I also want to be like that little child."

"Take as many photos as the little stars want." Ji Yuan crouched down and picked up the little star with one hand while his other hand held onto Mu Qinghuan's hand without explanation.

Mu Qinghuan wanted to shake off the man's hand as if she had been electrocuted, but the man held her tighter.

"You, you let go ..." She was a little angry, more nervous and flustered, not even daring to glance at the man or the little star.

"Let's take a photo together." Ji Yuan's black eyes landed on her body, his unfathomable eyes filled with power.

Mu Qing felt her heart tighten. She wanted to resist, but there was no room for her to refuse. She felt that as long as she said no again, the man would immediately hug her.

And the little star is watching.

Mu Qinghuan was ashamed and angry at the same time. She bit her lower lip and after a long while, she could only say, "I know. Let go of me."

The man clearly didn't listen to her, but he still held her hand.

A suspicious blush appeared in Mu Qinghuan's ears. She was so angry that she wanted to throw away the man's hand. "You ..."

"The child is still looking. Pay attention to your appearance." Ji Yuan was the first to speak, he looked at her, and seemed to be reminding her.

Mu Qinghuan choked quite a bit as her face flushed red. She was simply angered by him.

How shameless!

He had the nerve to say such words!

When the little star saw this scene, she felt that her father's mother had indeed made up. She loved him dearly, and her clear black pupils had even curved into the shape of a crescent moon.

The calm face that used to pretend to be a small adult had long since vanished, he was finally as lively and cute as an ordinary three-year-old.

"The two of you are standing a bit far, a bit closer." The three of them stood together and took pictures, with the lovely giant boy in the background.

Mu Qinghuan's entire body was filled with awkwardness and unnaturalness, and she was instinctively two fists away from the man beside her.

She felt that it was very close!

But the photographer's words made her face stiffen even more.

Before she could regain her senses, she felt a burning sensation on her waist,

followed by an irresistible force that forced her into the man's embrace.

Mu Qinghuan's breathing also quickened as she frantically raised her head to look at Ji Huayuan, who was in front of the man's lowered gaze.

Mu Qinghuan's swirling black eyes were sharp and profound. She looked as though she had been scalded as she turned her gaze away in panic.

Strange, why was she so nervous!

Moreover, even if he wanted to take a photo, was there a need for him to hug so tightly!

Mu Qinghuan was extremely infuriated. While no one was looking, her high heels had ruthlessly stepped on Ji Yunyuan's foot and had even grinded it.

Noticing that the hand placed on her waist had suddenly stiffened, the smile on Mu Qinghuan's face finally became much brighter. Her depressed mood was finally let out and became a lot more carefree.

I let you steal my son again, let you take advantage of me again, I'll trample you to death, you stinking man!

Mu Qinghuan pretended not to notice the man's sinister gaze as she smiled sweetly at the camera.

Ji Yuan's face sunk, this woman was truly daring!

C29

Mu Qinghuan only felt that the man's hand that was at her waist seemed to want to break her waist. The smile on his face stiffened slightly.

Before she could react, Ji Yuan's large palm suddenly landed on her face, forcing her to face him.

Under Mu Qinghuan's stunned gaze, the man slowly approached and his thin lips pressed against her smooth and full forehead.

Mu Qinghuan: "...!"

"Wow!" Little Xing raised his head, and Little Paw clapped his hands.

The photographer's eyes lit up. He quickly took a picture of this warm moment.

The pedestrians passing by couldn't help but stop in their tracks as they looked enviously at the family that was worth a lot.

Only Mu Qinghuan had her head lowered, letting her hair cover her face. She was concealing an expression that she was unable to control at this moment.

So angry, so angry!

This bastard!

And this was in front of his son, in front of so many people around him.

How could there be such a shameless man like Ji Yuan in the world?

Mu Qinghuan was extremely discontented as she looked worriedly at Little Star.

With such a father, how could she be at ease with the two of them interacting with each other? What if she taught her son otherwise?

Mu Qinghuan was enraged. She could not help but raise her head as she glared fiercely at Ji Xiaoyuan.

Ji Chenyuan met her vexed gaze, but his thin lips were slightly raised. The scene was strange and smooth, causing the hearts of quite a number of girls to race uncontrollably.

When he saw the envious gaze of Mu Qinghuan, he felt as though a fire was about to ignite within him.

Mu Qinghuan felt the gazes of these people and was speechless. She silently moved a few steps away from Ji Chenyuan.

Ji Yuan saw her stealthily moving steps. His face was expressionless, but his eyes became even colder.

This girl really doesn't know what's good for her! Many women want to stick to her body, but she actually backed off!

The little star put her feet up and waited eagerly for the owner to wash out the picture.

Very quickly, the photos were placed in front of the tiny star.

"Mister and Madam, your family is so beautiful and well-matched. Can you let me wash a few more for you to advertise?" the photographer asked.

Seeing that the two of them did not say anything, he hurriedly said, "We don't have to charge for these photos. How about it?"

This family was too exquisite. Just a casual shot from them had the same effect as a big film. If it was placed on the advertising slots, it would

definitely attract many guests from the amusement park to come take pictures.

"Sure!" Little Xing agreed without waiting for the two to speak.

This way, not only would he be able to see it when he came to the amusement park, the others would also be able to see their blissful family.

Ji Yuan obviously doted on his son who suddenly popped up out of nowhere. If Xiao Xing agreed, he naturally would not object.

Mu Qinghuan could only agree.

The cameraman did not hesitate to wash a few more photos and pasted them on the billboard beside him.

That photo was the one Ji Yunyuan suddenly kissed on her forehead!

One of them lowered his eyebrows while the other tilted his head up. At first glance, they looked like a perfect match.

Mu Qinghuan instantly felt that her forehead had turned hot. It was as if the place where a man kissed her still retained that clear and ice-cold touch!

His heart felt a little numb for no reason.

What was she thinking?

Mu Qinghuan hurriedly shook her head!

With the photos in hand, Mu Qinghuan didn't walk closely with Ji Yunyuan on the way back and purposely took a few steps back.

The little star was tired after playing with the game, so he directly sat on Ji Yu Yuan's shoulder.

C30

Mu Qinghuan was a little surprised. She thought that someone as high and mighty as Ji Yuan wouldn't do such a thing. Even if it was her own son.

Of course, even if Ji Yuan let Xiao Xing sit on his shoulder, he would not lose out in the slightest. It was just that his originally cold and arrogant demeanor had become a bit gentler, more filled with the aura of fireworks, which made him even more eye-catching.

The three of them went straight to a French restaurant near the amusement park.

After ordering the dishes, Mu Qinghuan went to the washroom.

Today was truly a day of ups and downs. Even now, Mu Qinghuan still felt absent-minded.

Would his son really have another Ji Yuan by his side in the future?

A faint light flashed in Mu Qinghuan's eyes. No matter what, she could not stop him from getting closer to her son, but she definitely wouldn't allow him to snatch him away!

After washing her face, Mu Qinghuan turned around and walked out of the washroom. She bumped into a figure.

"I'm sorry." Mu Qinghuan apologized before walking away.

Suddenly, a voice came from behind him. "Qing Huan?"

Mu Qinghuan's footsteps halted as her mind instantly turned blank.

Did he go out today to look at the calendar?

His son suddenly had a father, and his ex-husband had encountered him like this without any forewarning!

The person behind him was actually heading towards Ye Bei!

Mu Qinghuan didn't turn her head and only thought that the other party had called the wrong person as she continued to walk forward.

It wasn't that she was afraid, but she was too lazy to respond to him.

In these four years, her feelings for him had long since disappeared without a trace. All that remained was hatred for him for stealing away the Bai Clan's property.

Mu Qinghuan wanted to leave, but the other party wouldn't let her leave just like that.

"Qing Huan, I know it's you. When did you return?" He grabbed her hand towards Ye Bei.

Mu Qinghuan quickly shook her head in disgust, as though the other party was very dirty. "Don't touch me!"

"Heh." Seeing her reaction, she was stunned for a moment and then chuckled.

In these past four years, he had become more mature and steady, revealing the shrewdness of a merchant. His eyes, which were hidden behind the golden frame of his eyes, were filled with curiosity and amazement.

Ye Bei didn't expect to meet Mu Qinghuan here.

Logically speaking, as a woman who had no one to rely on, she should be leading a miserable life these past few years.

However, he did not expect the other party to appear before him once more in such a breathtaking manner.

Compared to four years ago, she was much more gorgeous and had an outstanding temperament.

He wiped away the shock in his eyes, smiled at Ye Bei, and said, "You've finally come back after all these years, why didn't you tell your family?"

"Four years ago, that wasn't my home. There's no need to say anything." With regards to Ye Bei, she had already recuperated from the fact that she did not directly punch him.

"You still care a lot about the past after all these years?" "Qing Huan, stop messing around. Even if I lied to you back then, I did do it for your own good. If I leave that money to you, you will lose it all sooner or later. If you still care about it now, I can give you some compensation. I can greet your leader and have him take care of you. "

Mu Qinghuan was really impressed with Ye Bei and Mu Ningyue. The two of them were really thick-skinned.

"Ye Bei, you're getting more and more disgusting!"

Mu Qinghuan didn't want to waste a second talking nonsense with Ye Bei. She felt so disgusted that she was about to vomit while standing in the same space as him!
